CALL FOR PAPERS

2016 IEEE Asia Pacific Power and Energy Engineering Conference
Xi’an, China, Oct. 25th ~ 28th, 2016

CONFERENCE INTRODUCTION

IEEE PES Asia-Pacific Power and Energy Engineering Conference is a highly-regarded conference, aims to provide a premier platform for electrical engineers and scientists in universities, research centers and industry to present their works and to share experiences and ideas in the area of power and energy engineering, it is now a regular annual event mainly organized in Asia-Pacific Region. This year’s conference will be held by Xi’an Jiaotong University and IEEE Power and Energy Society.

SCOPE

◆ Power System Planning and Operation
  ➢ Power Markets
  ➢ Power System Planning
  ➢ Power System Management
  ➢ Power System Education and Skills Development

◆ Smart Grid Technologies
  ➢ Smart Building, Smart Load and Smart Cities
  ➢ Cyber Physical System: Next Generation EMS/DMS
  ➢ Resiliency in the Power Grid
  ➢ Wide-Area Measurement System

◆ Renewable Energy and Energy Internet
  ➢ Battery Storage and Electric Vehicles

◆ Advanced Transmission Technology
  ➢ Fractional Frequency Transmission System
  ➢ HVDC, MTDC and FACTS Devices
  ➢ High Voltage Insulation
  ➢ Electromagnetic Compatibility

◆ Power System Analysis and Control
  ➢ Big Data Analysis
  ➢ Power System Reliability
  ➢ Power System Stability and Control
  ➢ Power Quality Control

INFORMATIONS AND IMPORTANT DATES

• The authors are invited to submit an electronic version of papers via the conference website: http://appeec2016.xjtu.edu.cn. The official language of the conference is English.
• Instructions and detailed information on the conference will be posted on the conference website. All accepted papers will be published in IEEE Xplore (which will be indexed by EI).
